## EVENING WORLD TIPS STILL LEAD ALL OTHERS.

Only Two Other Winners in the Grand Totals for Thirty-three Days.

The Evening World's handicapper still leads all others in the daily table of tips compiled by the Evening Sun. There are only two other winners in the list, and each is far behind the Evening World in the total amount won.

From the first edition of the Evening Sun published to-day.

## BRISK MORNING GALLOPS AT SHEEPSHEAD BAY.

Trainer Hyland Allows Mizzen Five Furlongs in 1.04—Ethelbert Goes a Respectable Mile.

(Special to The Evening World.)  
**SHEEPSHEAD BAY**, July 23.—The beautiful Sheepshead Bay course was swept by a cool breeze this morning and the cooled brows of the racers and the heated flanks of the racers during the work hours. The track had dried out fairly well and there were many racers shown over it at different degrees of speed. The many departures for Saratoga have depleted the ranks of racers considerably, but still there are enough left to keep the trainers busy and engage the attention of the rail birds.

Trainer Hyland sent August Belmont's crack young racer, Mizzen, five furlongs in 1.04. Mizzen's two-year-old stable mate, Flying Jib, was his running mate in the trip. Octoorn, Forward and a stable mate going together covered five furlongs in 1.09 1-2. Namot galloped six furlongs in 1.27 4-5. American and Fire Eater going together

clipped off a half in 0.53 1-2. Masterman, Orsman and others trotted and cantered along the track.

C. H. Mackay's Trigger was sent six furlongs in 1.21. Gay Boy and Grand Opera breezed over the half-mile ground in 0.54. Trainer A. J. Joyner allowed P. Belmont's Ethelbert a mile spin in 1.51. The two year-olds, Pakas, Petit Bleu, Burgundy and Togo, got short breathers at three-parts speed. S. S. Brown's Hands Across and Liberty Chimes covered six furlongs in 1.17 3-4. Lady Josephine and Solota did five furlongs in 1.08 1-4. James Kneale sent Titan a mile gallon in 1.43 3-4. J. E. Seagran's Pan Zagoba and Paul Longin turned five furlongs in 1.10 1-4. Thomas Green sent Dr. Barlow a quarter-mile breather in 0.29. The Lotus stuns, Knight of Gold and Wheeler B. sent off five furlongs in 1.04 1-4. H. J. Morris' Diamond ran the five furlongs route in 1.07. Ravelment did the track in the same time.

**GIANTS AND BROOKLYNS  
PLAY BEFORE BIG CROWD.**

(Continued from First Page.)

the ball to Hughes and was an easy out. No runs.

McGraw's throw of McCreary's hit was bad, and Bowerman was on first. Irwin's error, Lauder thought, resulted in McGraw getting the ball to McGraw and in time to double up Irwin. Smith then went Wheeler out. No runs.

**Third Inning.**

Lauder, by good sprinting, beat out his bunt. Smith's neat sacrifice was handled by McCreary. Dolan sprinted like a fury before his turn came, and when he went out, Taylor, after fooling a half dozen times, so easily Hughes that he got a free base. Jones's hot rap to Hughes helped him home.

Smith helped to put Hughes on the retired list. Sheppard got a walk, thanks to the umpire's poor oversight. Keeler made the first foul-out. Dan's fly tumbled to Dunn. Sheppard ran home when McGraw dropped Smith's bunt. Bowerman's throw to catch Keeler sailed off. Dan's foul-out. McGraw helped Dunn. One run.

**Fourth Inning.**

McGraw popped a fly that Wheeler got. McGraw bounded the ball into Irwin's hands and died at first. Irwin failed to hit the ball in three swings.

**MOTOR CYCLERS TO RACE.**

Event a Feature of Next Meet at Manhattan Beach Track.

The five-mile amateur motor race, which will be one of the features of the cycle meet at Manhattan Beach next Saturday, promises to bring out all the prominent motorcyclists in the vicinity, as the race will be the first of its kind ever held. The winner is to receive a handsome loving cup.

The main event of the day will be the twenty-mile race between Bobby Walther, Floyd McFarland, Howard Freeman and Bonnie Munroe.

Willie Vanderveer, the Coney Island boy who defeated Hurley, Billington, Glessner and the rest of the fast amateurs last Saturday, will again try to duplicate the trick this Saturday, but Hurley figures that there is no chance of any one beating him as the race will be a two-mile handicap. Winnie O'Connor, the jockey, who will make his first appearance as cyclist, is out training every evening and seems delighted with the idea of showing how fast he can ride behind pace.

**Dover Beats Hunter in Two Heats.**

**NEW YORK**, July 23.—Dover beat Hunter in both heats of the amateur baseball race, which was held yesterday afternoon at the Coliseum. Time of best heat, 15.13 2-5; second heat, 15.20 3-6. Lauder and King won the team pursuit race, defeating McConnell and Lake. Time, 25.1-5, one mile and five legs.

**Saratoga's Book Is Issued.**

The Saratoga Association has issued its annual programme in book form. It contains 150 pages.

## RUMORS OF FAKE AROUSES 'FRISCO'S MAYOR.

Denials Come from Camps of Big Fighters, Who Look Trained to the Minute for Friday Night's Fight.

(Special to The Evening World.)

**SAN FRANCISCO**, July 23.—As the day for the Fitzsimmons-Jeffries fight draws near the customary wild rumors float about. One can hear that everything was arranged in New York when the articles were signed, and that Fitz's talk of possible foul is but part of the programme. Neither side has indulged in abuse of the other, and this being unusual, tends to mystify the public. Fitz says the fight is not being pulled off on paper. It is a case of long experience against mere strength. He is heavier than in any previous battle and will weigh in at about 180. His fine condition is due to his mode of life, so that at the age when most men begin to go down hill he is really better than he ever was before.

**Fitz Has Punch, Experts Agree.**

Among experts in the game the opinion is that if Fitz can land one of his deadly punches it will decide the contest in his favor. Jeffries has put in lots of practice on the defensive, and his people say that the deadly punch will never touch him.

The Mayor's announcement that he will stop the fight if he discovers any evidence of crooked work has brought out vigorous protests from both camps, the claim being made that the Mayor is not justified in making the estimation.

Major Schmitz can do much to put a stop to questionable exhibitions in San Francisco, and he says emphatically that take-fights will not be tolerated while he is in authority.

Jeffries says he feels better than when he defeated the Cornishman before and can see no reason why he cannot duplicate the trick. It is rather singular that Fitz seems to have the sympathy of the general public, in spite of the fact that Jeff is a Californian, but it is probably the same old idea that the weaker usually gets sympathy in a contest.

**Jeff is a Big Favorite.**

Jeffries undoubtedly is thought to be the coming winner in spite of this feeling, for the odds show that plainly. The closing figures of the day were even money that Jeff would win inside of ten rounds, and odds on his rescue.

Here is Harry Constance's opinion:

"In my peculiar position it would not do for me to express an opinion as to the result, but I feel that the fight will be finished inside ten rounds. I know both men work and they are in superb condition. The fight should be one worth watching."

George Green, formerly boxing instructor of the Olympic Club, and champion middle-weight for fifteen years, says:

"I am well acquainted with the two men and what I can learn of them I should say that Fitzsimmons is in condition to make a good fight, but that Jeff's youth and weight will finally overcome him."

**Large Entry List for Athletic Games.**

The different events of F. A. games to be held Saturday, July 26, are well filled, most of the athletes of the metropolitan being entered.

Fourteen amateur medalists will be given winners in each event, and a silver trophy cup awarded to the club showing the most number of events. Entries close with D. W. Donohue, No. 341 Grand street, Brooklyn, N. Y.

**TAYLOR JOINS CIRCUIT.**

**The Major Will Meet Krammer in Washington Race To-Night.**

"Major" Taylor joins the N. C. A. National Circuit at Washington, D. C., to-night, where he will ride against Frank Kramer, the present champion.

This will be Taylor's first appearance with the National Circuit riders since he returned from Paris. At present Kramer has the advantage of thirty-five points to Taylor's. They will probably meet in a one-mile race.

**Cecilians vs. Raphael A. C.**

The Cecilians will have the Raphael Athletic Club as their opponents at Jasper Oval, One Hundred and Thirty-seventh street and Convent avenue, on next Saturday afternoon. Game will be called at 3:30 o'clock.

**SPORTS OF ALL KINDS TOLD IN NEWSY PARAGRAPHS.**

**BASEBALL.**

Taylor's bat proved in his retirement at first. Jones got under the fly Farrell sent up. McCreary made the first hit of the game. Smith made a fine stop of it, but could not get it to first. Irwin's foul-out, third round, was a bad one. Brody was on hand to collect his brother's boost. Smith helped Hughes out. No runs.

**Sixth Inning.**

Lauder, by good sprinting, beat out his bunt. Smith's neat sacrifice was handled by McCreary. Dolan sprinted like a fury before his turn came, and when he went out, Taylor, after fooling a half dozen times, so easily Hughes that he got a free base. Jones's hot rap to Hughes helped him home.

Sheppard got a walk, thanks to the umpire's poor oversight. Keeler made the first foul-out. Dan's fly tumbled to Dunn. Sheppard ran home when McGraw dropped Smith's bunt. Bowerman's throw to catch Keeler sailed off. Dan's foul-out. McGraw helped Dunn. One run.

JEFFRIES AND HIS MASCOT.

## ENGLISH MILE RECORD.

Binks Wins in Field of Three in Fast Time of 4:16 4-5.

English bicyclists are much interested in the recent performance on the track of Binks, Hawesbury and Sharrow. Hawesbury is a houseman in the Royal Engineers, and was booked to win the race when Hawesbury entered the hemicycle. It was still possible for any one of the three to win. Binks ensured in the last one hundred yards and went to the front, winning by a few inches, in 4:16 4-5, or one-fifth of a second better than the old English record held by F. C. Barton.

The world's record for one mile is held by T. P. Coniff, who made the distance in 4:15 3-5 at Travers Island on Aug. 28, 1885.

The world's record for one mile is held by F. C. Barton, who made the distance in 4:15 3-5 at Travers Island on Aug. 28, 1885.
